Gangadhar M R
Dealer Principal

Started by Machari Ramanna in 1955 with Tata Motors commercial vehicle business, the MG Brothers Group was among the first batch of dealers from Tata Motors.

In 1985, his son Gangadhar joined this family business and expanded it from Rs 3 crore to Rs 616 crore in 2018-19. To achieve this growth, he started putting the profits earned from the dealership back into the expansion of the business.

He believes in doing investment judiciously and advises his peers not to put too much money in setting up huge infrastructure, mostly in workshops.

Presently, MG group has 15 dealerships across the belt of Chittoor, Nellore, Krishna, Kadapa and Anantapur districts. The company prefers to grow at an average rate of 10 per cent and believes in keeping their avenues open for new business. The profitability of the automobile business helped the group to enter into construction and real-estate segments in 2002.
